Opportunity Calls.

JANTIZE AMERICA

The Commercial Cleaning Industry is a \$128 Billion industry (and growing).

Businesses, whether private, commercial, or industrial, will always require cleaning and trash removal. One of the fastest growing occupations listed for the next decade is that of a professional cleaning person. Employment of janitors and building cleaners is projected to grow 10 percent from 2016 to 2026, faster than the average for all occupations.[†]
